

Model: CADMO

Indoor projector for installation on a three-pase electrified track for accent lighting thanks to its unique 6 degree reflector. Adjustable and orientable product, compact with the power supply integrated in the track connector

Features

IP 20 | IK 02 | CE | CB | SASO

Material	Die casting aluminium	Lighting source	LED 930 – 940 - 950
Color	White, black and grey matte	Power	28W
Weight	750gr	Luminous flux	2599 lm
Protection index	IP 20	Light efficiency	93 lm/W
Impact protection	IK 02	Color temperature	2700K to 5000K
Instalation	Three-pase track	Color rendering	CRI >95
Input voltage	220-240 Vac	Chromatic tolerance	≤3 ellipses Mac Adam
Nominal frequency	50-60 Hz	Beam opening	Intensive, 6° - 30°
Insulation class	Class I	Lifespan	Ta 25°C: L80B10 – 70.000h
Power supply	Included, no dimmable	Energy classification	A++
